

Job Title: Social Video Content Editor

Overview:

Our social content studio is growing, and we need a creative, detail-oriented, and highly efficient **Social Video Content Editor** to help us take things to the next level.

Over the past year our client roster has more than doubled, and we want someone to join us in elevating our post-production workflows and videos across the board. We need someone who understands social pacing, culture and most importantly, how to stop the scroll through high-impact visual storytelling.

This is an incredible entry level opportunity for someone who thrives in and understands social video, full stop.

Maverick Content Studio is a social and content agency helping the world's best brands engage the next generation of fans. We fundamentally believe great content can build a brand. Come help us entertain and build raving fans for our awesome clients. 🚀 🎥 🎨

THE WORK:

- **Social-First Editing:** Execute high-level video editing across multiple clients, ensuring every piece of content is optimized for social platforms and audience engagement.
- **Asset Management:** Oversee the organization of all captured media, ensuring files are properly backed up, tagged, and ready for distribution.
- **Creative Collaboration:** Work closely with our team of in-house Content Creators and Creative Director to push the boundaries of what social content can look like.
- **Trend Integration:** Stay current on social media trends and platform best practices to inform your editing style and elevate overall content quality.
- Participate in monthly creative kickoffs to stay aligned with project vision and strategy.
- **Quality Control:** Proactively troubleshoot technical issues and details both big and small, from color grading to spelling and punctuation on captions.
